Åbningstider

Opening hours: The lakes are open for angling throughout the year and round the clock. Night lighting during the summer months.

Løkken Fiskepark covers an area of over 6 hectares, only 2.5 km from Løkken, which lies on the main road to Ålborg. It is a unique nature area, where the two large lakes are linked by a wide channel + a children's lake. The whole area lies in a natural valley, fringed by a high embankment and woodland. This location means that there is always 'good weather' in the angling park as well as shelter from the wind. Around the lakes tables, benches and barbecue grills have been set up, with small huts where one can seek shelter in the event of rain. Trout from 1-10 kg are put out every day. You can catch rainbow trout, brown trout and brook trout. At our kiosk (closed in winter) we have a large selection of fishing gear and baits. You can hire fishing rods. We also sell ice cream, beer, soft drinks and coffee, etc. There are good toilet facilities that are children- and invalid-friendly. Fine parking conditions and a fish-cleaning facility with running water. Children up to and including 10 years old, half price if accompanied by an adult with a valid angling permit. Children's lake with extra many fish. Løkken angling park will gladly organise outings for companies, associations, clubs, schools, etc. Phone for an offer.
