A large idyllic area - In the middle of Zealand - Close to Roskilde and Køge - Nature experiences for everyone!

Ørsted Put & Take Fiskesø is located in a large idyllic area, with quiet surroundings and consists of 3 recreated fishing lakes in the middle of Zealand. Stocking fresh trout every day. The area is suitable for disabled people with good paths around all the lakes.

Sturgeon fishing with sturgeon up to 70+ kg.

Always a dense population of fish in the lakes. Top class fly fishing with low grass and no slopes. We are located in the middle of Zealand - close to Roskilde and Køge. Remember: Daily release of fish! We have set up 20 shelters and 40 tables/benches around the lake. There are paths around the entire lake, so you can walk around dry-shod. The paths are laid out very wheelchair friendly.
